Where Members Come First

There’s no reason to shiver this holiday season when you can warm up by skipping a payment on a qualifying loan(s) with the credit union with

Holiday Skip-A-Payment

Providing you are current in your payments, you can get the extra money you need for this financially demanding time of the year.

There is a low $35 processing fee per loan that we will automatically deduct from your Share Savings. If you make automatic loan payments through Direct Depositor Payroll Deduction, your payment will be deposited into your Share Savings Account. Interest will continue to accumulate during the month you skip your payment, as it will lengthen your loan term. Your loan should be current and must have not missed any payments in the last 12 months.

Don’t Let Your Account Go Dormant

Be mindful that 12 months of no activity in your account will cause your account to go into dormant status. Once your account is dormant, you will be charged a monthly fee of $5. After 3 years in New York and 5 years for other states, your account is transferred to the Abandoned Property Department of your state.

To continue to keep your account active, please make transactions by coming into the credit union, make a transaction through one of our share branches, use our automated system, or through our NetBranch online system.

If your account is already dormant, please make a transaction by coming into the credit union, with two pieces of approved ID, such as your Passport, State ID/Drivers License, Green Card, Work Authorization ID or a Job ID.

Family Helping Family

Immediate family members such as a spouse or children are eligible for credit union membership. To become a sponsored member, they must bring in 2 valid ID’s and must reside at the same address.
